

Sack Back Windsor Arm Chair

Medium

Maple and ash

Description

This chair features a bow back, with seven plain turned spindles passing through a bent arm rail. The chair's arm rests end in scrolled knuckle terminals that are supported by raked baluster turned posts. The ovoid saddle seat rests atop four splayed baluster turned legs braced with a bulbous turned H-shaped stretcher assembly. The chair retains an old black finish over an earlier red coat of paint.
