

Stand

Medium

Mahogany, mahogany veneer

Description

A small table or stand with an octagonal top that tilts. It features figured mahogany veneer on mahogany with a darker veneer banded edge. A pair of shaped cleats affixed to the top's underside attaches to a small block by pin hinges, allowing the top to tilt upright for storage. The tabletop assembly sits on a central baluster turned column atop three curved legs that end in feet defined by a band of dark veneer.
