

Scissor Bullet Mold

Medium

Iron

Description

A "scissor type" mold made of iron, with two arms that can be opened or closed. When closed, the mold at the top of the piece is approximately one half inch wide and .75 inches deep. Each side of the mold has a small section

carved out which form a sprue hole when joined together in the closed position.

Dimensions

1 × 5.5 in. (2.5 × 14 cm)
