

Basic Detail Report

Evening Dress

Primary Maker

Henriette Favre

Medium

Panne velvet, silk, silk organdy, lace, cotton, glass beads, silver metallic sequins, steel boning

Description

A woman's two piece evening dress consisting of a bodice and a skirt. The bodice, of ivory panne velvet, has a shallow boat neck and a wide ivory lace collar which extends over the bodice's elbow length puffed sleeves. The bodice is lined with soft white cotton and is boned with steel. The skirt is also of ivory panne velvet, with elaborate vertical iris sprays embroidered in lilac and purple glass beads and silver and pale gold sequins over ivory silk organdy.

Dimensions

Waist to hem front: 41 in. (104.1 cm)
