

Slat Back Side Chair

Medium

Maple, and ash

Description

Simple turned three slat side chair with six plain turned stretchers and simple ball finials capped by nipples. The slats have an unusual cut out arched shape. The original color appears to have been dark brown or black as remnants of the finish survive in the grain of wood. The woven rush seat is a recent replacement.

Dimensions

36.5 × 18.75 × 16 in. (92.7 × 47.6 × 40.6 cm)
