

Desk and Bookcase

Medium

Cherry, pine, poplar, and mahogany

Description

A desk and bookcase in two parts, consisting of a simple slant-top desk base on straight bracket feet and a flat topped upper bookcase section. Four graduated drawers in the desk retain original brass bails and round backplates. They also feature mahogany inlaid oval escutcheons and beaded edges. When opened, the slant front panel rests on a pair of lopers located on either side of the top drawer. The desk interior contains seven drawers and nine pigeon holes with serpentine valances. Two flat panel doors in the bookcase section open to reveal three adjustable shelves with molded edges. The top of the bookcase is finished with a cove-molded cornice.
