

## High Back Windsor Arm Chair

### Medium

Tulip seat, maple legs and stretchers, and ash above the seat

### Description

This large black painted Windsor arm chair features a plain round-ended crest rail above nine plain turned spindles. The spindles fit into a curved medial rail with narrow rounded arm terminals supported by paddle-shaped posts. The large D-shaped seat rests on four splayed baluster turned legs braced with an "H" style bulbous turned stretcher assembly. The feet on this chair have worn significantly.
